Resolved, That the City Clerk be, and he is hereby directed to cause one thousand copies of the Report of the Committee on Ways and Means, Report of the City Treasurer, Report of the City Clerk, Report of the Committee on City Police, and the Report of the Chief Engineer of the Fire Department, to be published in suitable pamphles form for general distribution.

Mr Baules made an informal, or verbal re

port from the gas committee, of which he is obairman. He stated that Wm. A. Platt, President of the Gas Company, had agreed to charge the gas consumers of the city of Colum bus \$2 83 per 1,000 feet for the mouth of March; but that be understood that the bills had been made out charging the old price, and that number of cidzens had already paid that rary relief only. In fact it is the only known amount. He further stated that he would make a regular report to the new Council, and that the price would be definitely arranged for the the attention of the afflicted and those having present and speceeding months.

Resolutions were unanimously adopted, tender ing the thanks of the Council to the President Clerk and Marshal respectively for the able and satisfactory manner in which they had discharged the duties of their several offices. The Council then adjourned sine die.

STREET RAILROAD .- Within three years past, we understand, several propositions have been submitted to the City Council by capitalists, to build a street railroad on High street. Some three or jour ordinances have been introduced into the Council, for carrying the project into effect, by granting the right of way and prescribing the conditions; but we cannot learn that, up to this time, any definite and fina, action has been taken on the subject by our City Legislature. At any rate, we are informed that two or three of these street railroad bills are now lying on the Council's table undispos

Some of our citizens are very anxious to know why a matter so vital to the interests of our ofer should be suffered to lie along in this way They want to know whether a street railroad an or cannot be bufft in Columbus. If capitale fets will take stock and engage to build the read, why should they not have the privilege! A hope is expressed that the new Council will at least raise a Committee of enquiry on this question, whose report shall be published, that our community may know the facts in the case.
